Presentation of the Blessed Virgin Mary

NOVEMBER 21

O God, Who has willed that the Blessed Virgin Mary, herself the dwelling place of the Holy Ghost, should this day be presented in the temple, grant, we pray Thee, that through her intercession we may be found worthy to be presented in the temple of Thy glory.

A request to get involved.

Apart from the fundamental importance of the Sacraments in our life what else makes a Parish alive and prosperous? Some people would say that it is down to the Priests. No doubt that is extremely important. However the vibrancy of a Parish is the life of the community and volunteers are the permanent lifeblood of any parish community.

If you take a short time to think about it. It requires a lot of work to make a Parish function. Without the efforts of many selfless and committed believers any Parish would fall apart. The pastor and other salaried staff can't do it alone and neither should they.

There are some people that just come to Mass Sunday after Sunday and they never make any type of contribution. This is very sad for us all. There are many ways to contribute to the life of the Parish, not least to pray that all the events are well attended and successful. After all praying is possible for us all. To attend Parish events even if it may not be your thing, but because others have taken the trouble to organize it. To say words of encouragement to others. I realize that there are some people who need to sit, receive and experience the love of God before they can participate in any manner. Some of us find it harder to come forward than others.

No matter what your aptitude, how little time that you may have available, there are plenty of ways for you to serve God and his people. You don't need to be a minister or worship leader in order to make an impact in your local Parish. Every role may not be glamorous, but every role is important to the development of God's kingdom.

Myths About Volunteering

People often think that volunteering in the Parish is a huge time commitment. That is not necessarily the truth. Your service doesn't have to be an ongoing thing. You can serve on a rotational basis and still make an impact.

That you are not wanted, or needed. This is definitely not the case. We are always looking for volunteers and willing to assist with any training people may need until they are comfortable in any position that they would like to try.

How to Get Involved

Getting involved can be as simple as opening your mouth. If you see an area you want to participate in, find the person in charge and say something. Let them know from the beginning how much time you will be able to commit. There is a spot for you, trust me. In the next few weeks we will be having some people say a little before many of the Masses as to how much it means to them. If you get the chance please thank them personally and if you can get, on board by volunteering yourself.

We will also be having a tear-out page in the bulletin which hopefully will make it easier for all of you to see the opportunities that are available for getting involved.

If you want to see your Parish grow and prosper, then I encourage you to volunteer and give your time. Your Parish does so much for you spiritually and sometimes naturally. Start giving your time and you'll begin to see God bless you and the Parish. And then, of course, the rest of our larger community.
